Horizon Europe

European Research Council
Established by the European Commission

Set up in 2007 by the EU, the [European Research Council](#) is the first pan-European funding organization for frontier research.

It aims to stimulate scientific excellence in Europe by encouraging competition for funding between the very best, creative researchers of any nationality and age. The ERC also strives to attract top researchers from anywhere in the world to come to Europe.

Budget: € 16 billion (2021-2027) - 17% of the overall Horizon Europe budget

European Research Council
Established by the European Commission

It funds:

young, early-career top researchers ("[ERC Starting Grants](#)"),

already independent excellent scientists ("[ERC Consolidator Grants](#)"),

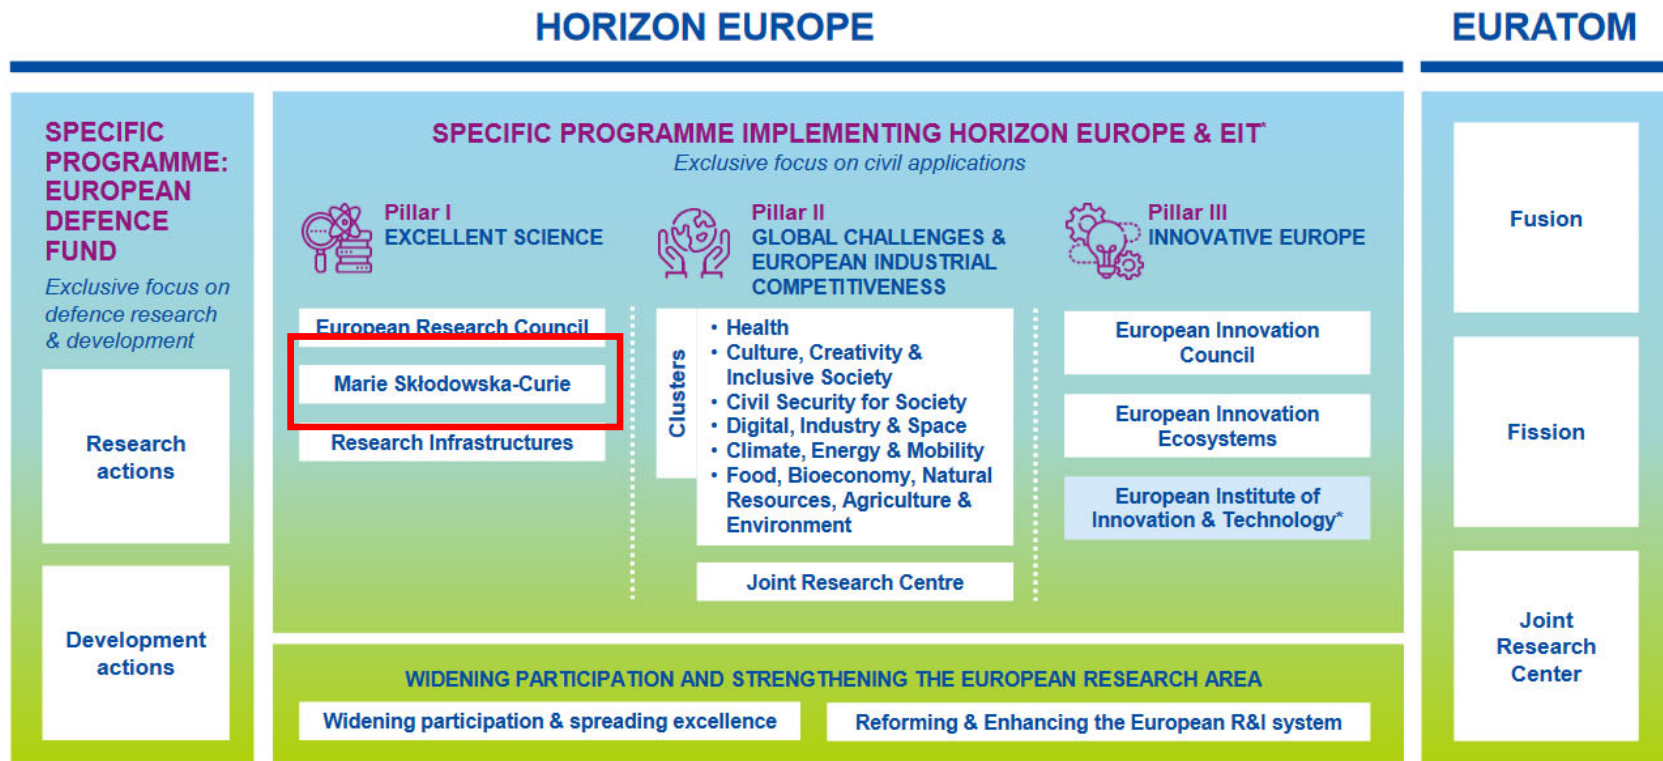

and senior research leaders ("[ERC Advanced Grants](#)").

With its [Synergy Grants](#), the ERC also supports groups of two to maximum four Principal Investigators (PIs) working together and bringing different skills and resources to tackle ambitious research problems.

Up to €10 million.

One of the PIs can be based outside of Europe, including in North America.

Horizon Europe

A banner for Marie Skłodowska-Curie Actions 2021-2027. It features a stylized profile of a woman's head on the left, a molecular structure in the center, and a crumpled paper ball on the right. The text is in white and pink on a dark background.

Marie Skłodowska-Curie Actions
2021-2027

*Developing talents,
advancing research*

Horizon Europe's Pillar I

the MSCA are the European Union's reference programme for doctoral education and postdoctoral training.

They support researchers from all over the world, at all stages of their careers, with a focus on their training, skills and career development.

Budget: € 6,6 billion (2021-2027) - 7% of the overall Horizon Europe budget

Funding opportunities

MSCA Doctoral Networks 2023

Submit your proposal by 28 November 2023

MSCA COFUND 2023

Submit your proposal by 8 February 2024

MSCA Postdoctoral Fellowships 2024

Next call for proposals opens on 10 April 2024

MSCA and Citizens 2023

Next call for proposals opens in 2025

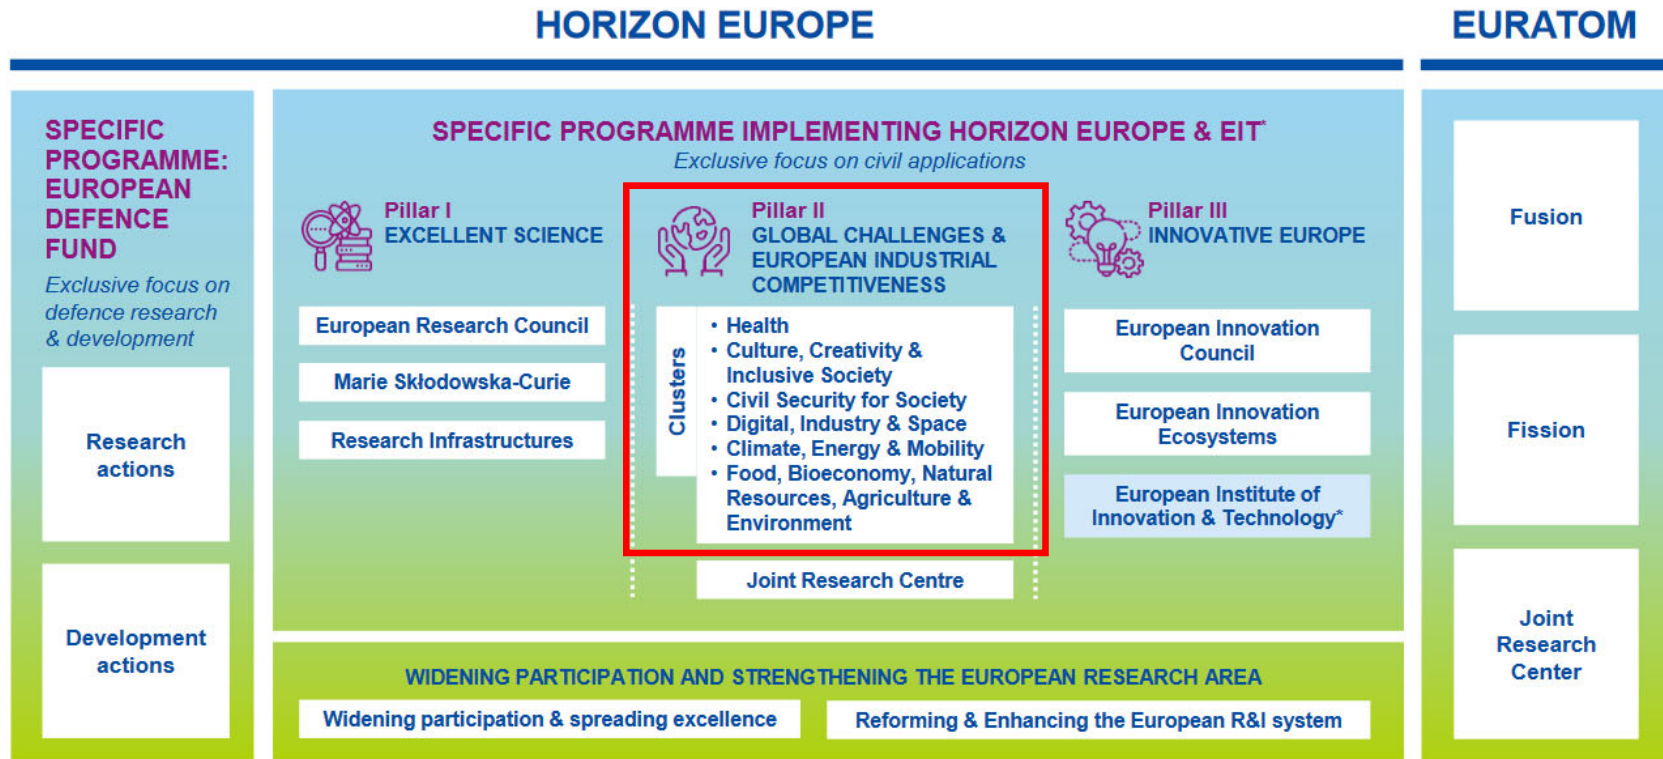

MSCA Staff Exchanges 2023

Submit your proposal by 28 February 2024

MSCA4Ukraine

Call may reopen if funds become available

Horizon Europe

Horizon Europe

Pillar II tackle major global challenges and address Sustainable Development Goals (SDGs) which aim to 'improve people's lives and to protect the planet for future generation'.

At the same time the calls under Pillar II will address Europe's competitiveness in technology, embracing challenges which are often complex and require interdisciplinary solutions and activities from research to innovation.

Pillar II is organised into six clusters, with a supporting area (JRC activities), and crosscutting 'Missions'.

Budget: € 53,5 billion (2021-2027) - 57% of the overall Horizon Europe budget

Horizon Europe

Pillar II

Budget for clusters

in current prices

Cluster 1	Health	€8.246 billion (including €1.35 billion from NGEU)
Cluster 2	Culture, Creativity & Inclusive Societies	€2.280 billion
Cluster 3	Civil Security for Society	€1.596 billion
Cluster 4	Digital, Industry & Space	€15.349 billion (including €1.35 billion from NGEU)
Cluster 5	Climate, Energy & Mobility	€15.123 billion (including €1.35 billion from NGEU)
Cluster 6	Food, Bioeconomy, Natural Resources, Agriculture & Environment	€8.952 billion

Present situation

Who can participate and be financed

Université de Montréal

- Member States (MS) of the European Union
 - Any organization can become a partner and be financed by the EC
 - The 27 members
- Associated States to HEU:
 - Any organization can become a partner and be financed by the EC (equal rights and responsibilities)
 - Albania, Armenia, Bosnia and Herzegovina, Feroe Islands, Georgia, Iceland, Israel, Kosovo, Moldova, Montenegro, Norway, North Macedonia, Serbia, Tunisia, Turkey, Ukraine.

New Zealand (Pillar II 'Global Challenges and European Industrial Competitiveness).
- As of 1 January 2024, researchers and organizations in the UK will be able to participate in Horizon Europe
- Entities from most low- and middle-income countries
- Australia, [Canada](#), Japan, Singapore and South Korea have shown interest to become associated to Horizon Europe.

Present situation

Who can participate and be financed

Horizon Europe includes a new 'associated partner' status:

similar but with several improvements compared to the 'international partner' status under Horizon 2020, to simplify the participation of research organizations in countries outside the EU which are not eligible for funding, and which bring their own financing.

Present situation

Who can participate and be financed

Université de Montréal

An Associated Partner (AP):

- is usually an entity (company, university, etc)
- is not eligible for funding (needs to have its own budget)
- does work but cannot declare costs
- can be linked to the whole consortium or to a particular beneficiary
- The beneficiaries must ensure that relevant Grant Agreement obligations are also extended to AP (e.g. through the consortium agreement)
- do not access the Funding & Tenders Portal

Canadian participants in Horizon Europe projects

Université de Montréal

In August 2022, the Canada Research Coordinating Committee (CRCC) launched the second phase of the co-funding mechanism, the [2022 Horizon Global Platform Competition](#). This provides funding for Canadian researchers who are **associated partners** on successful projects funded through eligible calls under Horizon Europe's Pillar II.

Horizon Global Platform grants are valued at up to CAD\$250,000 per year (including indirect costs) for a maximum of two years. The number of awards depends on amounts requested in successful applications.

The total allocated budget is CAD\$40 million over two years and represents the second and final tranche of the CAD\$50 million over the 5 years co-funding envelope.

To ensure continued support for collaborations between legal entities established in Canada and EU during the ongoing formal negotiations for Canada's association to Horizon Europe, the list of eligible calls for the NFRF 2022 Horizon Global Platform competition has been expanded. Applications are now being accepted for projects funded through any Research and Innovation call under Pillar II with a deadline before 31 December 2023.

Quebec participants in Horizon Europe projects

Université de Montréal

Legal entities established in Quebec may receive support through a [provincial support program for international cooperation](#).

The maximum amount of financial assistance is \$1,500,000 per project, or \$50,000 per project for networking and project development initiatives outside Quebec.

This program ends on March 31, 2024.

After becoming Associate state

How to participate

Université de Montréal

SIX STEPS TO PARTICIPATE IN HORIZON EUROPE

- 1 FIND A SUITABLE CALL FOR PROPOSAL**
Check out the European Commission's [Funding & Tenders Portal](#).
- 2 SEARCH FOR A PROJECT PARTNER (if required)**
Review partnership and other eligibility requirements of a call. Publish your partner search request or offer, select a topic on the Search Funding and Tenders page. Get more help [here](#). Use the [Partner Search](#) to find an organisation.
- 3 CREATE AN EU LOGIN ACCOUNT**
To access the Portal [register](#) and get your account. This will allow you to participate in a call for proposals or tenders with eSubmission.
- 4 REGISTER YOUR ORGANISATION**
Your organisation will need a 9-digit Participant Identification Code (PIC) as a unique identifier of your organisation. Your organisation may already be registered. Check [here](#) or register.
- 5 SUBMIT YOUR PROPOSAL**
Together with your consortium partners, select your topic and go to the Submission Service section of the topic page. Make sure that you select the correct type of action before you start drafting your proposal. The link to the submission system is available if the status of the call is 'open'. A login with your EU Login account is required.

- 6 FOLLOW UP ON YOUR PROPOSAL**
An evaluation committee with independent experts reviews the proposals. Following the evaluation, applicants receive a letter informing them about the outcome of their proposal and an evaluation report generally no later than 6 months after the call deadline.

 - European innovation ecosystems
 - The European Institute of Innovation and Technology (EIT)
- Widening Participation and Strengthening the European Research Area
 - Widening participation and spreading excellence
 - Reforming and enhancing the European R&I System

Search for a project partner

- Your networks
 - European partners, including those with experience in the previous Horizon 2020 framework program
- [EURAXESS Partnering Tool](#)

EURAXESS - provide tailored information and support, free of charge, to researchers, entrepreneurs and research performing organisations.
EURAXESS network counts 43 European countries and 9 worldwide hubs.
- EC Funding & Tender Opportunities Portal
 - [Partner search page](#)
 - On the page of each open call
- [National Contact Points](#) (incl. thematic NCPs)
- Social media and network websites
 - EURAXESS North America's LinkedIn

Priorities

- Strengthen existing partnerships, institutional agreements.
- Setting priorities.
- Establish a strong support structure for this type of request : at the local, regional and provincial level.

(difficult to compete with European networks that often have information in advance)

Upcoming networking events

- **European Research Day (ERD)**
flagship event of EURAXESS North America to promote Europe as a hub for research and innovation
University of Ottawa on Thursday, November 16th, 2023

- **Canada to host Canada-European Union Summit in Newfoundland**
from November 23 to 24, 2023
